wood-burning stoves from European countries,
and welfare appliances.

The finest products that open the way to the future.

Spa industry

Our consistent service from the market research, planning and designing to constructing and maintenance is highly regarded from our clients: spas, hotels, Japanese accommodations “Ryokan”, Japanese spas “Sento”, gyms, and so on.

Home sauna

We have provided authentic Finnish saunas many consumers over 45 years.
Many customers are satisfied with our know-how of saunas.

Fire places, and Wood-burning stoves

Our high-graded products which is focused on “1 Over f Noise” produce your ideal relaxing time and space.

We can produce the custom-made fireplace only for you.

Welfare appliances

Bathtubs shift to the “Quality Care”. It is personalized care with a selective ways of bathe no matter the handicap.

We have combined principles of European normalization, integration, and Japanese bathing culture to make bathing a daily joy.

New business development

We continue to take on more challenges to rapidly and flexibly respond to a change in business environment.

Our recent interest is to combine sauna and entertainment/outdoor activity, and on 26th May 2018, we opened Metos Sauna Soppi as the first and only one shop that is focused on sauna in Japan.
